

Marine Mammal Incident Report 2020

Through responsible management and best practice operations, we strive to farm our King salmon in harmony with the natural environment and with minimal negative impacts on local wildlife. Although we endeavour to prevent fatalities, they unfortunately can occur.

Marine mammal fatalities are updated to our corporate website within 30 days of the occurrence.

Date	Sea Farm	Marine Mammal	Conservation Status
3/2/2020	Te Pangu	New Zealand Fur Seal	Not threatened
